

Power Lunch Sponsorship

Have you attended one of IAA's Power Lunches yet? One great way to introduce yourself and your company is to not only attend a Power Lunch, but sponsor the event for optimal exposure!

There are 3 different Power Lunches each year, and these events give Associate Members a chance to showcase products or services in a relaxed, informal social gathering. The majority of attendees at these events are members you might do business with currently, or would like to do business with in the future. Either way, you build relationships with those in the multifamily industry and show your support by sponsoring the event. The "Members Buy From Members" program supports our philosophy there is strength in numbers, and many of our Direct members understand the value of utilizing our Associates for their business needs.

Benefits of sponsoring a Power Lunch:

- Networking with IAA Board of Directors at the VIP Table
- Chance to speak in front of 130+ industry members and introduce your product/service
- Your company logo will be used on all promotional flyers and email blasts – all eblasts will include a live link to your website
- Your company logo will be on signage at the event
- Your company will be listed as a Sponsor in *INsites* Magazine
- Your sponsorship will also be listed on IAA's website calendar with a link to your website
- You will receive (2) complimentary registrations to the Power Lunch;
- Opportunity to set up a table top display and distribute promotional items or giveaways.

SPONSORSHIP FOR EACH POWER LUNCH: \$1,500.00
